ist in advancing the cause of education. continue his investigations, the follow-Having submitted these few observa- ing are the circumstances attending the trained to exclaim in the language of pect, being worked by Mr. Burrow, discovery. The mine, or rather prosgave some evidence of previous workings after the top earth had been removed. The boulders were of a different character from the surrounding country rom and were evidently placed in position with the in tention to wall up the sperture. The currosity of the workers was very greatly excited upon realizing that such care had been exercised to obsterate all traces of the former work, and they doubled their exertions to penetral further into the hill. At last they open ed a veritable tunnel, narraw and dark and descensing his the hill. Fo a time their courage failed them, as th task of penetrating the my sterous depths upon hands and knees, or ma stooping estinctive costume present, a beautiforth, and only a damp schaum pipe to the gentleman. As judges, Mrs. Major Core, Mrs. P. B. Zeigler and Miss Belle Neil were to award the gentleman's prize and they and no difficulty in deciding that Mr. grease, strips of clothing and empty caus. The light sputtered and lickered as they entered and lickered as they entered and the larger more oppressive as they descended, although the opening grew larger. The lights grew dimmer and it was becoming pai fully evident that the air was foul a unfit to preathe. They had grown quit liscovered some scattered silver coin

giddy and almost delirious when they just ahead, and beyond them severe diss, one or two of which were brok allowing the coins they had probab was in an enlarged part of the cave tunnel, and the men had only fin enough to take in the duraly lighted so roundings with a single glance when the hights ceased to burn because of the bu The veteran soldier soon afterwards air, and, nearly sufficated themselve began to realize that he was not smough they made a faint grasp at the trassure of the battle field, and that the carriage of the battle field, and that the powder and bad of the occasion were not suggestive of the leaden half of Chicamauga, and Geu. McCook also found his courage wanne as his military eye caught the glistening battery of flashing glances, all but one of which must be silenced by his word of decision. He felt that he could not capituate gracefully himself and he dated not poisoned, and it was only the lostine suffer the scorn of slighted beauty, and so he too, followed the example of the Mayor, and withdrew, leaving Major Coxestanding alone with all the weight of responsibility upon him. The Major depths into the bright sensitive and depths into the bright sensitive and proved to be equal to the emergency, depths into the bright sunshine and fresh air. For hours they lay sick and part of the time unconscious, until the orpid's artful bow, and asked con. V. cooling shales of inguity them to briskle to announce that Mrs. A. V. cooling shales of inguity them to them sufficiently to permit them to the fresh their crude beds, but the next is health. morning they were again in health, with only a spasm alle symptom of weak-

ness to remind them of their harrow escape from a terrible death. What the result of their further investigations will be, no one can even surmis at this time. They have prepared to fore fresh air into the tunnel and are provid ed with lights and ropes and will ther house before the public is made aware of its extent and content.

Indian Depredations. Delegate Bean has introduced in Congrees the following bill: Froviding a ommission for the adjustment and is depredations in Arizona and New Mexico since the acquisition of said Territories by the United States,

Be it enacted by the senate and House of Representatives of the United States of America in Congress assumbled, that the President of the United States, by and with the advice and consent of the Solo—"Home so, Blest," Mrs. Hopps. Schate, be, and to appoint three commis Senate, be, and he is hereby, authorized atoners to proceed forthwith to Arizon and New Mexico and there take proofon all claims which may be presented arting out of Indian depredations in and Territories since their acquisition by the United States

Suc. 2. That said commissioner shall- report their awards to the court o dome in Washington. Sp. 3. That the said commissioner shall be allowed a salary of three thou sand five hundred dollars each per annum, payable quarterly, with mileage a the rate of ten cents a mile each.

Sac. 4. That the said commissioner are hereby authorized to employ a secretary, at a salary of two thousand dol lars per annum for cent of office and other expenses incidental, to a proper SER 5. That the Secretary of the Inguidance of said commissioners; and The shop of Antonio Frank, the tail. that all salaries, mil-age, and expenses

The bill was read twice and referred Cliftonites will be enabled to keep to the committee on claims, and ordered
